MESSAGE FROM THE HON'BLE VICE CHANCELLOR

The National Law University, Jodhpur was established with the vision of integrating the study of law with other disciplines, including policy sciences, management and science – an experiment which has proven to be most successful. The University strives towards overall development of students by encouraging them to explore the nuances of the legal profession and instilling a sense of social consciousness in them. Academic endeavours are designed in a manner so as to sharpen the advocacy, research and analytical skills of the students and in furtherance of this objective, the curriculum itself provides for court room exercises in various subjects. This has contributed to the development of a strong moot culture within the University, both in terms of participation and organisation of competitions.

Recognising Competition law as an emerging and important subject, the NLU Antitrust Law Moot Court Competition was conceived to generate awareness and explore the undiscovered facets in this field. The Moot has grown in stature over the past two years with a steadily increasing participation from law schools. The present edition, being organised under the patronage of the Competition Commission of India and in association with Amarchand & Mangaldas & Suresh A. Shroff & Co., shows tremendous promise. I wish the best of success for the present edition of this Moot and for its future editions as well.

Hon'ble Mr. Justice N.N. Mathur
