## VICE CHANCELLOR'S MESSAGE

As the National Law University, Jodhpur (NLUJ) marks 25 years of excellence, it continues to deepen its engagement with the changing realities of the business ecosystem. The MBA in Business Regulation is a strategic academic initiative that prepares professionals to meaningfully engage with the regulatory frameworks that increasingly define competitiveness, accountability, and sustainability in modern enterprises across sectors.

In an era characterised by heightened compliance obligations, complex sector-specific regulations, and rapid economic and technological transformation, the programme offers a comprehensive foundation in regulatory governance, compliance management, risk oversight, and regulatory strategy, integrated with essential management competencies. Aligned with the National Education Policy 2020, the curriculum is forward-looking, industry-relevant, and strongly anchored in practical application.

Drawing on the expertise of experienced faculty and seasoned practitioners, NLUJ emphasizes ethical judgment, analytical rigour, and professional discipline. Through this programme, aspiring managers are systematically prepared for leadership roles in regulated industries, corporate compliance and governance functions, regulatory consulting, and advisory domains, where informed regulatory decision-making is central to organisational success.

## ABOUT FACULTY OF MANAGEMENT STUDIES

The Faculty of Management Studies was established in 2001 with the goal to integrate management with law and aiming to produce legal managers who are well equipped to understand the nuances of organizational management while making legal decisions. Alternatively, this inimitable approach helps the managers to understand the nitty gritty of law and its impact on their organization before taking managerial decisions. This also help in minimizing the legal risks which the managers counter regularly.

The aim of the Faculty of Management Studies is to sharpen the legal and managerial skills of the students to enable them to take decisions which are not only strategically sound but also legally compliant.

## MBA (BUSINESS REGULATIONS)

As a premier law university, National Law University, Jodhpur, offers the MBA in Business Regulations, a distinctive management programme grounded in regulatory understanding and governance-oriented decision-making. The programme is designed to prepare professionals to analyse complex business situations with analytical clarity, assess regulatory implications across corporate and commercial contexts, and arrive at decisions that are both strategically sound and legally compliant. During the first year, students build a strong foundation in core management disciplines, developing essential competencies in economics, finance, strategy, and organisational management. Building on this foundation, the second year deepens engagement with the legal and regulatory dimensions of business, enabling learners to acquire a nuanced understanding of corporate governance, business laws, and regulatory practices that shape contemporary enterprises. This integrated structure equips graduates to manage compliance obligations, address regulatory risks, and exercise informed judgment in organisational decision-making. The programme's regulatory depth positions graduates for diverse professional roles, including corporate management, compliance and advisory functions, and entrepreneurial ventures, where regulatory literacy and analytical capability are critical.

Emphasis is also placed on effective communication, professional judgment, and collaborative leadership, enabling graduates to engage confidently with stakeholders in regulated business environments. The programme prepares learners to adapt to dynamic organisational contexts and global business operations. Graduates emerge as versatile, future-ready professionals capable of continuous learning and leadership in an increasingly regulated and competitive business landscape.
