EMOTIONAL INTELLIGENCE (EI) FOR CONFLICT AND NEGOTIATION

This course delves into the profound influence of EI on effectively navigating conflicts and achieving successful negotiations. Learners will explore the core components of EI— self-awareness, self-regulation, empathy and social skills—and learn how these competencies contribute to constructive conflict management and negotiation processes. Through practical exercises, case studies, and role-playing scenarios, participants will enhance their ability to handle high-pressure situations, mediate conflicts and build rapport, fostering more harmonious and productive professional relationships.

MODULES

Module 1 : Mindset Preparation for Conflicts and Negotiations

Module 2 : Emotional Regulation for Conflicts

Module 3 : Mindfulness and Negotiations

Module 4 : Emotional Intelligence in Communication

Module 5 : Managing Self Post-Conflicts and Negotiations

COURSE COORDINATOR

Dr. Niranjana Rajpurohit, Associate Professor, Faculty of Management, NLU, Jodhpur
